

Steve Tunstall

CEO & Owner, Tunstall Associates Pte Ltd

CEO & Co-Founder, Inzsure.com

General Secretary and Co-Founder, Pan Asia Risk and Insurance Management Association

Pan-Asia Ambassador, International Insurance Society

Steve has over thirty years of experience in owning, running and future proofing companies. He has been CEO, Managing Director or equivalent in seven companies in four countries managing teams of up to 500 employees and based in Asia for over 20 years. He has deep domain knowledge in commercial insurance, compliance, risk and crisis management. Recently Steve has been heavily involved in thought leadership globally in the emerging areas of Insurtech, Fintech and the application of blockchain or distributed ledger, tokenized technology.

Tunstall Associates provide advice on global risk, insurance and crisis management matters to the boards and senior management teams of several of Asia's largest conglomerates headquartered from Singapore, Hong Kong and The Philippines. The company helps large complex conglomerates design the most suitable global insurance programs that protect and allocate balance sheet risk most effectively with particular reference to challenging jurisdictions.

Previous roles include:

- Head of Compliance, Insurance, Legal and Risk at Cathay Pacific and risk advisor to the rest of the Swire Group globally.
- Vice President of Risk for Genting Singapore & Resorts World Sentosa, responsible for enterprise-wide risk management, insurance and business continuity management
- Managing Director for Jardine Pacific, Schindler Lifts Singapore

MSc in Project Management & Risk, BSc in Surveying and a Diploma in M&E Engineering. Member of the Institute of Risk Management, the Business Continuity Institute, the Royal Institution of Chartered Surveyors, the Association for Project Management and the Association of Cost Engineers.

Through the establishment of PARIMA.org an Asia wide not for profit association, Steve has been at the heart of building risk management expertise across Asia with 1350 members across 27 countries leading the most recent conferences in 2017 in Shanghai, Singapore and Manila.

Inzsure is a technology solution transforming commercial insurance for SMEs. Built to utilise Ethereum - a derivative of Blockchain. The platform leverages a conversational interface on a mobile friendly basis powered by AI and informed through intensive actionable intelligence data analytics. The radical, transparent and trustworthy business model significantly lowers frictional transaction costs and improves both speed and security.

"RISK and the Asian CEO" Steve's first book, was published on Amazon Kindle in 2016. He has been recognised as the No.1 worldwide influencer in Insurtech according to the Global Instech 100 in early 2017. He features in the Top 20 Global Influencer lists of Rise, Richtopia and Onalytica in the areas of Insurtech, Fintech, Regtech and Blockchain. He has a significant presence on Twitter (42k), LinkedIn (22k), Instagram (6k) Facebook, Pinterest, Snapchat and Tumblr.
