

USC School of Gerontology

Careers in Aging Information Session

TMU Xinyi Campus
Classroom 2101

PROGRAMS

Speak with an admission counselor to learn more about our 12 Master's programs, 2 fully-funded PhDs, and our Graduate Certificate.

ABOUT US

The University of Southern California Leonard Davis School of Gerontology is the oldest institution dedicated to aging research in the USA. Our students explore all aspects of human development - involving **medicine, biology, psychology, sociology, policy, demography, and economics** - to the study of aging.

SCHOLARSHIP

We award over \$1,000,000 in merit-based scholarships to our students annually!
